CORSETRY & LINGERIE COLLECTION

The "Demask Corset & Lingerie Catalogue" is the culmination of many years of research, design and hard work.
Within these pages you will discover the complete collection of Demask's Corsets & Lingerie. Unique designs in Leather & Latex plus a few designs from some of the other Demask ranges. The quality & variety of the garments portrayed in this collection are unsurpassed anywhere in the World, all being hand-crafted by highly skilled technicians to a standard rarely achieved today.

The visual concept has it's roots in the Baroque, drawing influence from the films of Peter Greenaway and the paintings of Paul Delvaux. Art direction came from Voigt Kampf and Chinese photographer Cato Tan coped magnificently with the protracted shooting schedule. In fact it must be said that the whole crew suffered dearly during the three weeks it took to shoot this catalogue.

This catalogue and the collection it displays was a long time in the making and could not have come to fruition without a supreme effort from many people.
I hope you like it !
